7. The ultimate object of such centres is to increase the earning capacity of the villagers by providing subsidiary occupations for them. Therefore, the actual amount of wages earned by different types of workers will give us an indication of the extent of the benefit conferred. From the trading and manufacturing account upto 31st December 1936, since the commencement, a total sum of Rs.1,679-12-6 has been distributed as wages. The Centre was started on 16th April 1935. The District Board of Kolar is making a grant of Rs.99/- per month. For 21½ months (i.e. 16th April 1935 to 31st December 1936) the total amount works up to Rs.2,128-8-0. From these figures it is evident that in order to confer a benefit amounting to Rs.1,679-12-6, the District Board of Kolar is prepared to maintain an establishment costing Rs.2,128-8-0. Therefore, it looks as though the staff for the purpose is getting more benefit than the village folk for whose benefit the Centre was started.

8. Questions such as these cannot be settled purely on financial grounds. There are other advantages also. Therefore, we may permit the Centre to work for another year and also grant an extra amount for the employment of an additional Yarn Collector bringing the monthly contribution to Rs.118/-. It may

Sir,

(L)

With reference to Government order No.L.5822-24 L.B. 36-34-2 dated 22/25th Feb:1935 sanctioning the proposals of the District Board for starting a Khadi Centre at Hossur in Goribidnur Taluk on a recurring expenditure of Rs.99/- per mensem for Establishment charges for a period of two years, I have the honour to state as follows:--

The Khadi Centre was started at Hosur, in the Goribidnur Taluk on the 16th April 1935 and the work turned out therein till the end of Feb:1937 is shown below:--

1. Khadi Produced in weight.	lbs.	2790- 13
Value.	Rs.	2099/-
in Square yards.		6299.
2. Yarn produced in weight.	lbs.	4639.
in value.	Rs.	2083/-
3. Yarn issued to weavers	lbs.	2903.
4. Khadi sold.	Rs.	2830/-
5. Earnings of Pinjari.	Rs.	195/-
6. do- weavers.		481/-
7. do- spinners.		748/-
8. Washerman.		121/-
9. No. of villages of spinners.		45.
Number of spinners.		350/-
do- of weavers		22.
do - of washerman.		2.
do. of pinjaris.		2.

It is seen from the above that the Centre is working satisfactorily and the general conditions prevailing in the villages and the response of the villagers in quite favourable for the further development of the Centre.

2. The balance sheet for the year ending 31-12-36 enclosed

enclosed shows a small net loss of Rs.2-7-4 which is negligible as compared with the work turned out in the experimental stage of the concern and it is expected that no loss will be effected in future.

Since the period of two years sanctioned by Government for the working of the centre- expires by the end of March 1937, the question of making this institution permanent was considered by the Board at their meeting held on 22nd March 1937. The Board after full discussion in thematter and after consideration of all aspects of the question, has resolved that the Khadi centre be made permanent with the establishment as detailed in the margin- at a cost of Rs.118/- per mensem; the cost being met by the District Board and the Government in equal proportions. A copy of the Board's resolution in the matter is enclosed herein.

A brief report of the Centre from its start to the end of Septr:1936 read at the time of Dasarah Exhibition 1936 is -- enclosed herein, for reference and perusal.

I therefore request, in the above circumstances, that you will be so good as to obtain the sanction of Government to the resolution of the Board to make the Centre permanent with a recurring cost of establishment charges amounting to Rs.118/- per mensem; half of the cost being met by the Board and the other half by Government.
